

Inviting Expressions of Interest

Since 2015, the Caribbean STEM Coaching Club has been empowering Caribbean families with essential skills and capabilities that are highly sought after in the economies of today and tomorrow.

We build and nurture a community of “People Helping People” who share, learn, and find solutions together.

We are excited to invite Expressions of Interest for our 2024 “Parents Helping Parents” Problem Solving and Signposting programme, designed for 11 – 16-year-old students and their parents.

Spaces are limited and will be allocated on a first-come, first-served basis.

Cost: Free (donations are welcome)
